

Seed Hawk is an international manufacturer of state-of-the-art zero-tillage seeding systems, sold in Canada, the U.S., Australia, and Eastern Europe. Our head office and manufacturing facility employs 110 people and is located at Langbank, Saskatchewan. Seed Hawk was established in 1992 to develop a drill that seeds, bands and packs in one pass. Seed Hawk has progressively developed the Seed Hawk one-pass drill and now has over 1200 seeders in the field. As a company established by farmers, agronomists and engineers, Seed Hawk strives to develop the most accurate seed and fertilizer placement systems to help farmers seed more efficiently and profitably.

In 2006, Seed Hawk partnered with Väderstad-Verken AB of Sweden, and their technology and exports expanded dramatically. Väderstad-Verken AB is one of the leading manufacturers of seeding and cultivation equipment in Europe and has been around for over 45 years. In conjunction with Väderstad-Verken AB we wish to launch our entire line of Seed Hawk and Väderstad-Verken products into the Ontario and Quebec markets. This has created an immediate opening for a:

TERRITORY SALES MANAGER – Ontario & Quebec

Reporting to the Director of Business Development, you will be responsible for the marketing, sales, warranty and parts support for the direct seeding and tillage technology targeted for the Ontario and Quebec markets.

Successful candidates will possess a Bachelor of Science degree/diploma or certificate in Agriculture or related discipline with Agri-business experience. Experience and relationships with implement retailers is an asset. The successful candidate will be a self starter; goals oriented; and have the ability to work as a member of our Canadian team. The position would be located in the territory.

The highly visible position requires excellent communication skills and the successful candidate must have the ability to interface with all segments of the agricultural sector.
